Prepared for Wise Egypt Software Company

Company Overview

Wise Egypt is a software and digital transformation company specialized in Odoo ERP implementation, customization, integration, training, and industry-focused applications. We help businesses improve operations through practical ERP solutions, AI-powered software, IoT monitoring, garment factory systems, and learning management platforms.

Vision

To become a trusted digital transformation partner for businesses seeking practical ERP, AI, IoT, LMS, and industry-focused software solutions.

Mission

To help companies digitize operations, reduce manual work, improve decisions, and build connected systems that support daily operations and long-term growth.

Core Values

Practical delivery, clear communication, reliable support, measurable value, continuous improvement, and long-term partnership.

What We Do

Odoo ERP Services

Implementation, customization, integration, migration, training, support, and post go-live improvement.

CRM and Sales Control

Lead qualification, sales pipeline, follow-up activities, onboarding, dashboards, targets, and reporting.

Garment Factory Systems

PMS, cutting room management, production tracking, QC, maintenance, bundling, line balancing, and factory visibility.

Wise LMS Platform

Course sales, online learning, enrollments, videos, assignments, exams, certificates, progress, and learning dashboards.

Odoo ERP Services

Wise Egypt provides Odoo ERP services to help businesses digitize, automate, and control daily operations. Our services cover business analysis, configuration, customization, reports, dashboards, integrations, data migration, training, and post go-live support.

- Odoo ERP implementation
- Odoo customization and module development
- Odoo integration with external systems
- Data migration and system stabilization
- Reports, dashboards, and business KPIs
- User training and support

Odoo Modules We Support

HR, Accounting, Manufacturing, Inventory, Purchasing, Maintenance, QC, CRM, PLM, Project Management, Sales, Website, eCommerce, Payment, Portal, Calendar, and eLearning.

Main Services

Implementation

Structured Odoo setup based on real workflows, roles, approvals, and reporting needs.

Customization

Custom modules and extensions where standard Odoo does not fully match the business process.

Integration

Connect Odoo with websites, payments, email, accounting tools, hardware, IoT devices, and external platforms.

Support

Issue handling, improvements, training, monitoring, and continuous system enhancement after go-live.

- Wise LMS Platform - learning management, course sales, online learning, exams, certificates, and dashboards.
- Wise CRM System for Odoo ERP Addons.
- Wise QC System for Odoo ERP Addons.
- Wise Maintenance System for Odoo ERP Addons.
- Wise Bundling System.
- Wise Production Tracking System.
- Wise IoT Machine Monitoring System.

Garment Factory Solutions

Wise Egypt delivers specialized software for garment and apparel operations. The solutions focus on production visibility, planning accuracy, cutting room control, shopfloor monitoring, QC, maintenance, bundling, and management reporting.

Wise PMS System

A specialized IoT-based Production Management System for garment factories. It connects sewing machines, operators, operations, and lines for real-time production visibility, line balancing, bottleneck analysis, worker performance, QC, maintenance, bundling, and actual cost analysis.

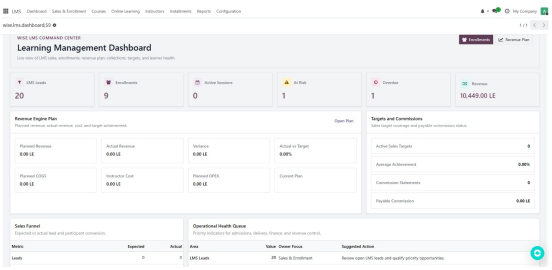

Cutting Room Management System

A specialized Odoo-integrated cutting room application for schedules, marker imports, lays, fabric reservations, bundles, traceability, and handoff from cutting to production.

Wise LMS Platform

Wise LMS Platform is a professional learning management platform for Odoo ERP. It is designed for training companies, academies, corporate learning teams, and ERP education providers that need one connected workflow from campaign lead to certified learner.

- Course catalog and program planning
- Instructor contracts and settlement
- Quotation, discount approval, and enrollment
- Installments, invoices, and payment tracking
- Online lessons, video library, assignments, and exams
- Certificates, learner progress, dashboards, and reports

LMS Business Value

Commercial Control

Manage leads, quotations, discounts, enrollments, installments, revenue plans, and commissions.

Learning Delivery

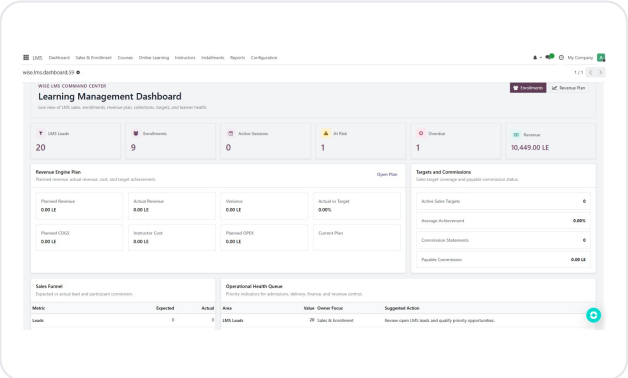

Publish courses, videos, assignments, exams, certificates, and learner portal access.

Management Visibility

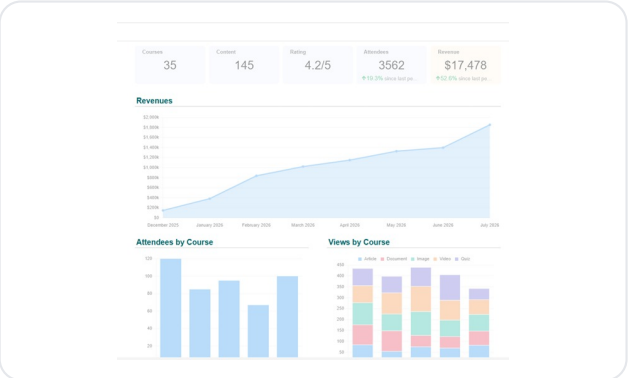

Track revenue, collection, learner progress, completion, instructor cost, and at-risk learners.

Dashboards and Learning Performance

Wise LMS dashboards support executive, sales, finance, instructor, content, and learning operations decisions. The platform combines commercial KPIs with learner progress and content performance.

Wise LMS Command Center

Learning Analytics

Key Dashboard Metrics

- Total revenue and collected revenue
- Outstanding amount and overdue installments
- Active learners and enrollments this month
- Course completion rate and learner progress
- Instructor cost and gross margin
- Assignments, exams, and certificates

Implementation and Support

1. Business Analysis

Study workflows, challenges, users, data, reports, and goals.

2. Requirement Documentation

Define processes, roles, approvals, forms, reports, and integrations.

3. System Design

Design Odoo modules, customizations, data model, dashboards, and security.

4. Development and Configuration

Configure Odoo, build required features, and prepare data.

5. Testing and Training

Validate workflows and train business users and administrators.

6. Go-Live and Support

Support launch, stabilize operations, and improve continuously.

Why Choose Wise Egypt

- Practical experience in Odoo ERP implementation and customization.
- Strong specialization in garment factory operations.
- Professional Wise LMS platform for training and online learning businesses.
- Specialized PMS and Cutting Room Management systems integrated with Odoo ERP.
- AI, IoT, dashboards, reporting, and connected monitoring capabilities.
- Long-term support and continuous improvement mindset.
